This addendum is being posted to inform prospective bidders of questions received.

Q1: Section 3.3 of the bid package states bidder must be a state licensed general or builder contractor. If you do not possess one of these licenses but possess a state of Florida Certified Underground Utilities and Excavation License. We do road construction work all over North Florida with this license. Is this acceptable and if so, will the bid documents be amended to reflect this?

A1: All prospective bidders must meet the requirements set forth in section 3.3.
