Addendum 2

Question:

Can you clarify the project limits for this bid? It says from Nash Rd to Rabon Rd but the plans show from Phase 1 at US 90 to US 19. I am trying to verify the quantities in the schedule of values but there are also quantities in the plans that are for the whole road it looks like.

Response:

This project is for the 2nd Phase of this roadway design, the bid tabulation in the RFP reflects the quantities for this phase only STA249+00 (Nash Road) to STA369+00 (Rabon Road) within the plan set.
