RFP 2026-11
ADDENDUM NO. 2

JEFFERSON COUNTY
BOARD OF COUNTY COMMISSIONERS

ADDENDUM NO. 2 TO RFQ 2026-11

Issued July 22, 2026

RFP 2026-11, Intent and General Information, is hereby amended as follows:

Please click on the link to the share file with answers to questions and documents. The link will only be available through July 31, 2026.

QUESTIONS FOR CLARIFICATION

RFP 2026-11

RFP 2026-11 | Jefferson County, Florida | Prepared July 14, 2026

SUBMISSION DEADLINE: Written questions are due July 15, 2026. All questions should be directed only to Jenny Tuten at jtuten@jeffersoncountyfl.gov due to the active Cone of Silence.

Jefferson County Board of County Commissioners
Attn: Jenny Tuten, Executive Operations Manager
Re: RFP 2026-11 - Solid Waste Roll-Off Container Hauling & Disposal Services & Solid Waste Collection Site Management
Please provide written clarification of the following RFP-specific items so proposers can develop a complete, comparable, and operationally responsible response. Where data exists, please provide it electronically in spreadsheet format by site, by month, and by waste stream.

A. Procurement Schedule and Proposal Format

1. Please confirm the controlling proposal due date, time, and package-labeling requirements, including whether all proposal labels should use the amended August 4, 2026 at 3:00 p.m. deadline.

All updated dates are posted on the website in Addendum 1. All requirements are in the Instructions to Bidders packet.

2. Please clarify the exact proposal submission requirements, including number of hard copies, USB copy requirements, sealed-package labeling, whether a redacted public-records copy is required, and how Tab 6 should be handled if the cost proposal must also be submitted in a separate sealed envelope. See instructions to bidders packet. You can leave Tab 6 empty.

Also, estimated start date upon award and evaluation timeframe.

B. Sites, Operating Model, Access, and Authority

3. Please confirm the final list of the ten collection/drop sites included in the contract, including addresses, whether each site is active, seasonal, staffed, unstaffed, or limited-use, whether Aucilla and Lamont are separate sites, and whether the Solid Waste Main Yard at 1591 S. Waukeenah Street is included in the hauling, disposal, staffing, cleanup, reporting, resident access, and pricing requirements. See attached doc

4. Please identify which sites are currently manned by County personnel, which sites are currently unmanned, and which sites the RFP requires to be manned when open. Lamont is the only unmanned site under our management. RFP does not require anything, we expect for you to provide a plan.

5. Please provide the current operating days, hours, holiday schedules, access rules, gate procedures, resident verification process, decal or permit requirements, and accepted-user rules for each site. See attached doc

6. Please provide the current staffing levels, assigned positions, shift structure, lunch coverage, relief coverage, weekend coverage, supervisory coverage, and typical responsibilities for each currently manned site. See attached employee list

7. Please confirm that proposers may submit a revised operating model with proposed changes to site schedules, staffing levels, access hours, traffic flow, resident procedures, operating controls, and site-management practices, and that the County will evaluate those proposed changes as part of the proposal response.Yes. Submit a plan.

8. Please identify any County, state, permit, zoning, environmental, stormwater, traffic, noise, neighbor, or other restrictions that limit site hours, waste acceptance, lighting, truck movements, site modifications, or resident access procedures. Unknown

C. Historical Volume, Service Levels, and Waste Streams See documents for information that we have.

9. Please provide at least 24 months of historical pull counts and scale-ticket tonnage by site, month, container size, waste stream, and disposal facility.

10. Please provide the current scheduled service frequency for each site and container, including regular service days, on-call service patterns, average weekly pulls, peak weekly pulls, seasonal adjustments, and known peak-volume periods.

11. Please provide historical records by location for overflow events, missed pulls, emergency pulls, illegal dumping, contaminated loads, rejected loads, after-hours service, resident complaints, safety incidents, and site closures.

12. Please identify all waste streams accepted at each site, including household waste, bulky waste, construction debris, yard waste, white goods, tires, metal, electronics, recyclables, hazardous/prohibited materials, or any other material stream requiring separate handling.

13. Please confirm the 24-hour response standard for on-call service, including whether it applies on weekends, County holidays, and outside normal business hours; when the response clock begins; and whether the requirement means contractor arrival, service start, or full container removal within 24 hours.

14. Please clarify whether full containers must be exchanged, removed and returned, or simply pulled when capacity is reached, and whether reserve containers, exchange boxes, or minimum open capacity must be maintained at each site.

D. Containers, Equipment, Site Assets, and Site Conditions

15. Please provide a complete container inventory by site, including container count, size, waste stream, ownership, age, condition, serial number if available, current placement, and whether the successful contractor may use each existing container.

16. Please confirm whether the successful contractor must furnish new containers, replacement containers, spare containers, specialty boxes, compactors, receiver boxes, or other equipment, and specify required quantities, sizes, specifications, labeling, painting, maintenance, and delivery deadlines. Provide a plan.

17. Please identify all compactors, power units, receiver boxes, scales, attendant buildings, offices, restrooms, gates, cameras, lighting, utilities, signage, water service, electric service, forklifts, loaders, skid steers, road limitations, bridge or weight restrictions, drainage issues, safety hazards, fire risks, environmental concerns, or other site assets or conditions that affect operations, and state who is responsible for operation, maintenance, repair, utilities, insurance, replacement, and damage.

E. Existing Workforce, Compensation, and Transition Obligations

18. Please provide the complete roster and full compensation package for every County employee connected to the solid waste operation whom the successful contractor is expected to retain, offer employment, manage, supervise, or account for in transition planning, including attendants, drivers, waste directors, administrative personnel, supervisors, and support staff. For each employee, please include job title, assigned location, employment status, current wage or salary, regular schedule, average weekly hours, overtime history, benefits, employer-paid costs, retirement costs, accrued leave, tenure, certifications, licenses, disciplinary restrictions, and any applicable employment agreement, policy, or limitation. See attached employee list

19. Please identify which County employees are considered transitioning County employees subject to the RFP's 12-month retention requirement and confirm the permitted exceptions to that requirement. All employees

20. Please confirm whether the successful contractor may apply its normal employment standards to transitioning employees, including background checks, drug testing, motor vehicle record review, physical qualification, licensing, attendance, conduct, safety, and performance standards. Yes

21. Please confirm whether the County will remain responsible for accrued PTO, compensatory time, sick leave, retirement obligations, separation obligations, workers compensation claims, or other liabilities earned or incurred before the transition date. Provide a plan

22. Please confirm whether the successful contractor may revise staffing levels, job duties, reporting structure, schedules, and site assignments after transition based on the revised operating model, documented operational need, and County approval where required, and please describe the County's expected transition support, employee-communication process, and access to current staff before commencement. Provide a plan

F. Disposal Facilities, Compliance, Reporting, and Emergency Conditions

23. Please identify the disposal facilities currently used for each waste stream and provide current tipping fees by facility and waste stream, the effective date of each rate, historical rate changes for the last 24 months if available, known pending rate increases, and any existing interlocal agreements, disposal agreements, disposal authorizations, facility restrictions, or County-directed disposal requirements applicable to this contract.

24. Please confirm whether the successful contractor must use County-designated disposal facilities or may propose any properly permitted facility that meets applicable requirements, and explain how the contract price or service requirements will be adjusted if a designated disposal facility changes rates, closes, restricts access, rejects material, or becomes unavailable. Provide a plan

25. Please describe the required procedure and financial responsibility for contaminated, prohibited, hazardous, hot, overweight, leaking, or rejected loads, including resident enforcement, notification, disposal, cleanup, and cost recovery. Provide a plan.

26. Beyond the RFP's stated monthly reporting requirements for total tonnage, disposal locations, and operational incidents or issues, please confirm whether original scale tickets, site-level tonnage, pull counts, complaint logs, staffing records, or other supporting documentation must be submitted. Provide a plan.

27. Please clarify whether disaster debris, storm debris, hurricane response, emergency site closures, fire events, declared emergencies, or extraordinary volume events are included in the base scope or will be handled through separate authorization and compensation. Separate auth and comp

G. Pricing, CPI, Payment, Award, Insurance, and Bonding

28. Please confirm that the annual lump-sum fee is intended to include all scheduled pulls, on-call pulls, disposal and tipping fees, site staffing, site cleanup, reporting, equipment, containers, fuel, insurance, bonds, workforce-transition costs, supervision, overhead, and profit unless specifically excluded by the proposer. Provide a plan

29. Please confirm that CPI escalation may be built into the proposal and identify the County's preferred CPI index, adjustment formula, adjustment date, base month, cap if any, floor if any, and documentation requirements for annual price adjustments during the five-year term. Provide a plan

30. Please clarify how compensation will be adjusted if the County adds or removes sites, changes operating hours, changes required staffing levels, adds containers or waste streams, changes service frequency, changes disposal facilities, changes resident access rules, or materially modifies the scope after award. Provide a plan

31. Please confirm the payment structure, including whether invoices will be paid in 12 equal monthly installments, what supporting documentation is required, the payment timeline after invoice receipt, and whether mobilization or startup-cost protection will be considered for approved containers, equipment, hiring, uniforms, training, and other transition costs. Provide a plan

32. Please confirm whether award will be based on the published 100-point evaluation criteria or the separate clause stating that award will be made to the lowest responsible and responsive proposer, and confirm the final bonding and insurance requirements, including whether a bid/proposal bond or payment bond is required, whether the performance bond is based on one annual contract value, the full five-year contract value, or another amount, and whether the insurance requirements listed in Section 8.6.1 are complete and final. Yes. The bid packets will be evaluated based on the 100 point evaluation criteria. Note: The County reserves the right to make award(s) by individual item, group of items, all or none, or a combination thereof. The County reserves the right to reject any and all Proposals or to waive any minor irregularity or technicality in the Proposals received. Award will be made to the lowest responsible and responsive Proposer(s(. The County reserves the right to award to one or multiple Proposers at its discretion.

Requested Supporting Data

- Final site list, current operating schedules, access rules, site staffing schedule, and current site-management procedures.
- Current employee roster and full compensation package by employee, including directors, administrative staff, supervisors, attendants, drivers, and support staff connected to the solid waste operation.
- Site-level pull history, tonnage, service events, complaints, overflow events, rejected loads, and waste-stream data in spreadsheet format for at least the last 24 months.
- Current container, equipment, County asset, site-condition, utility, signage, and maintenance inventory by location.
- Current disposal facilities, tipping fees, restrictions, agreements, scale-ticket procedures, and contamination/rejected-load procedures.
- Final insurance schedule, final bond schedule, final pricing instructions, and any revised RFP forms or submission instructions.

Thank you for providing written responses and any resulting addendum in accordance with the procurement schedule.

1. Employee Selection Process for Transitioning Employees: Will the selected contractor have any input into which employees and/or the number of positions that are needed to maintain operations and selected to transition over to its payroll, or is the number of transitioning employees predetermined already and needs to be fully inclusive of everyone on the current Jefferson County payroll? Provide a plan
2. 12-Month Post Transition- Employment Requirement: Will there be a separate written agreement outlining the exact terms of the requirement mentioned to retain transitioned employees for a period of 12 months, as referenced in the Workforce Transition Plan description? This will be addressed in detail in the agreement between the County and the successful proposer.
3. Terms for Employee Termination for Cause: Does Jefferson County currently have a defined standard and/or written policy in place for what would constitute a legitimate employee "termination for cause" during the 12-month post-transition period? Provide a plan
4. Employee Retention Strategies: The RFP references developing "retention strategies" for transitioning employees. Could you please provide some additional guidance on your expectations for hourly employees, as monetary retention incentives are more commonly associated with salaried/exempt positions? Provide a plan
5. Is there a policy about large amounts of waste being dumped? No
6. Will cameras be permitted at all of the locations? Yes
7. Are the terms and conditions associated with the compactors “located at the various sites” transferrable to the contractor? Provide a plan
8. Will the contractor be able to operate out of the current solid waste office? Provide a plan
9. For all requisite equipment associated with these services, would the county be willing to transfer, lease or sell to the contractor? Provide a plan
10. Who is responsible for grounds maintenance at each drop off location? The County now.
11. Can you provide the *total cost that the county spent for disposal* last year?
12. Will the contractor be able to make changes to the operating hours of each location?
13. How many annual Tons and how many CU Yds or Loads are anticipated?
14. What Landfill is the material currently being taken to? What is the Tipping Fee charged by the landfill?
15. Does Jefferson County have a current hazmat policy and if so can it be shared?
16. What is the amount and terms of Liquidated Damages is needed.

SOLID WASTE SERVICES AGREEMENT

√ Customer Selection Below:

The 4 yard, 6 yard, and 8 yard containers are only for CLASS I WASTE (see definitions).

☐ **4 yard container**

- Site service: $40 per pick-up
- Tipping Fee: $11.00 per pick-up
- Delivery & Set-up: $25.00
- Rental: $1 per day (minimum 20 days) - $20 monthly
- Deposit: $25.00
- Late Fee: $20.00 per day
- Unauthorized Disposal $50.00 per item

☐ **6 yard container**

- Site service: $60 per pick-up
- Tipping Fee: $17.00 per pick-up
- Delivery & Set-up: $25.00
- Rental: $1 per day (minimum 20 days) - $25 monthly
- Deposit: $25.00
- Late Fee: $20.00 per day
- Unauthorized Disposal $50.00 per item

☐ **8 yard container**

- Site service: $80 per pick-up
- Tipping Fee: $22 per pick-up
- Delivery & Set-up: $25.00
- Rental: $1 per day (minimum 20 days) - $30 monthly
- Deposit: $25.00
- Late Fee: $20.00 per day
- Unauthorized Disposal $50.00 per item

The 20 yard roll-off container is only for CLASS III WASTE (see definitions).

☐ **20 yard roll-off container**

- Site Service: $250.00 per pick-up
- Delivery & Set-up: $50.00
- Rental: $2.00 per day
- Tipping: Aucilla Tipping Fee
- Deposit: $50.00
- Late Fee: $20.00 per day
- Unauthorized Disposal $50.00 per item

☐ **Grapple Truck Service**

- Tree Debris Load/Trip: $250.00 per pick-up, No Tipping Fee
- Bulk Load $250.00 per pick-up, plus Aucilla Tipping Fee

☐ **Tire Disposal Service**

- Load/Trip: $250.00 per pick-up
- Tipping: Aucilla Tipping Fee

The undersigned hereby agrees to rent the refuse container indicated above and understands the following:

- The Delivery & Set-up fee and the Minimum Rental fee is payable to the Jefferson County Solid Waste Department at the time of the execution of this Agreement, and before the container is delivered.
- The Customer will promptly pay all applicable fees and charges in the monthly bill, prior to the due date, or incur a Late Fee.
- The disposal of Biohazardous Waste, Hazardous Waste, Special Waste, and White Goods, as defined below, in any rented roll-off container is prohibited. Any unauthorized items will be subject to the Unauthorized Disposal fee indicated above and the actual costs incurred by the County for handling and disposal of said unauthorized items. The Customer is responsible for all items deposited in the container.
- The disposal of Construction Debris in any rented roll-off container requires advance approval of the County and may be subject to an extra charge to cover the actual costs incurred by the County for handling and disposal of the Construction Debris.
- The Customer agrees to indemnify, defend, and hold Jefferson County, its officers, employees, and agents, harmless from and against any and all liability arising (1)

during the customer's possession of the container; (2) from the failure of the customer, its officers, employees, or agents to adhere to or comply with applicable laws, rules, or regulations, or with the terms of this agreement; or (3) from the negligence, errors, omissions, or intentional or willful misconduct of customer, its officers, employees, or agents.

- All containers furnished under this agreement are the property of Jefferson County. Customer shall have care, custody, and control of the container and shall bear responsibility and liability for all loss or damage to the container and for its contents during the rental period. Customer shall not move or alter the container and shall use the container only for its intended purpose. Customer shall provide unobstructed access to the container for pick up. Customer warrants that the right of way abutting the container's physical location is sufficient to bear the weight and physical dimensions of the container and associated pickup and delivery vehicles. Jefferson County is not responsible for any damage to Customer's property, including walkways, lawn, curing, pavement, driveways, irrigation wells, or septic resulting from the provision of services.
- The container will be collected by the County if payment has not been made within 60 days from the due date. An additional delivery & set-up fee will be charged to return the container and all past-due charges must be paid prior to re-initiation of service.

Definitions for terms used herein:

"Aucilla Tipping Fee" means the prevailing tipping fee rate charged to the County for disposal at the Aucilla Landfill, as it may be amended.

"Biohazardous Waste" means any solid waste which may present a threat of infection to humans. The term includes, but is not limited to, non-liquid human tissue and body parts, laboratory and veterinary waste which contains human disease-causing agents, used disposable sharps, human blood, and human blood products and body fluids, and other materials which represent a significant risk of infection to persons outside of the generating facility.

"Class I" refers to garbage such as any solid waste that is not prohibited from disposal in a lined landfill under the Rule 62-701.300. It also includes Putrescible Waste (rotting organic) and household garbage.

"Class III" refers to waste such as yard trash, construction debris, carpet, cardboard, glass, plastic, furniture. NO HOUSEHOLD GARBAGE OR CLASS I WASTE! NO HERBICIDE, PESTICIDES, HAZARDOUS MATERIALS, OR TIRES.

"Construction Debris" means materials generally not water soluble and nonhazardous in nature, including, but not limited to, steel, glass, brick, concrete, or roofing material, pipe, gypsum wallboard, and lumber. Construction Debris shall include materials from the construction or destruction of a structure as part of a construction or demolition project, and including rocks, soils, stumps, and other vegetative matter which normally results from land clearing or land development operations for a construction or home improvement project.

"Hazardous Waste" means solid waste which, because of its quantity, concentration, or physical, chemical, or infectious characteristics, may cause, or significantly contribute to, an increase in mortality or an increase in serious irreversible or incapacitating reversible illness or may pose a substantial present

or potential hazard to human health or the environment when improperly transported, disposed of, stored, treated, or otherwise managed.

“Customer” means the person or entity who rents a commercial solid waste disposal container or subscribes for commercial solid waste disposal services from Jefferson County by entering into a Solid Waste Services Agreement with the County.

"Special Waste" means solid waste that requires special handling and management, including, but not limited to, asbestos, whole tires, used tires, used oil, and lead-acid batteries.

"White Goods" means discarded refrigerators, washing machines, dryers, ranges, water heaters, freezers, air conditioning units, and other similar large appliances.

NUMBER	QUESTION
3	Please confirm the final list of the ten collection/drop sites included in the contract, including addresses, whether each site is active, seasonal, staffed, unstaffed, or limited-use, whether Aucilla and Lamont are separate sites, and whether the Solid Waste Main Yard at 1591 S. Waukeenah Street is included in the hauling, disposal, staffing, cleanup, reporting, resident access, and pricing requirements.
4	Please identify which sites are currently manned by County personnel, which sites are currently unmanned, and which sites the RFP requires to be manned when open.
5	Please provide the current operating days, hours, holiday schedules, access rules, gate procedures, resident verification process, decal or permit requirements, and accepted-user rules for each site.
6	Please provide the current staffing levels, assigned positions, shift structure, lunch coverage, relief coverage, weekend coverage, supervisory coverage, and typical responsibilities for each currently manned site.
7	Please confirm that proposers may submit a revised operating model with proposed changes to site schedules, staffing levels, access hours, traffic flow, resident procedures, operating controls, and site-management practices, and that the County will evaluate those proposed changes as part of the proposal response.
8	Please identify any County, state, permit, zoning, environmental, stormwater, traffic, noise, neighbor, or other restrictions that limit site hours, waste acceptance, lighting, truck movements, site modifications, or resident access procedures.
9	Please provide at least 24 months of historical pull counts and scale-ticket tonnage by site, month, container size, waste stream, and disposal facility.
10	Please provide the current scheduled service frequency for each site and container, including regular service days, on-call service patterns, average weekly pulls, peak weekly pulls, seasonal adjustments, and known peak-volume periods.
11	Please provide historical records by location for overflow events, missed pulls, emergency pulls, illegal dumping, contaminated loads, rejected loads, after-hours service, resident complaints, safety incidents, and site closures.
12	Please identify all waste streams accepted at each site, including household waste, bulky waste, construction debris, yard waste, white goods, tires, metal, electronics, recyclables, hazardous/prohibited materials, or any other material stream requiring separate handling.
13	Please confirm the 24-hour response standard for on-call service, including whether it applies on weekends, County holidays, and outside normal business hours; when the response clock begins; and whether the requirement means contractor arrival, service start, or full container removal within 24 hours.
14	Please clarify whether full containers must be exchanged, removed and returned, or simply pulled when capacity is reached, and whether reserve containers, exchange boxes, or minimum open capacity must be maintained at each site.
15	Please provide a complete container inventory by site, including container count, size, waste stream, ownership, age, condition, serial number if available, current placement, and whether the successful contractor may use each existing container.
16	Please confirm whether the successful contractor must furnish new containers, replacement containers, spare containers, specialty boxes, compactors, receiver boxes, or other equipment, and specify required quantities, sizes, specifications, labeling, painting, maintenance, and delivery deadlines.
17	Please identify all compactors, power units, receiver boxes, scales, attendant buildings, offices, restrooms, gates, cameras, lighting, utilities, signage, water service, electric service, forklifts, loaders, skid steers, road limitations, bridge or weight restrictions, drainage issues, safety hazards, fire risks, environmental concerns, or other site assets or conditions that affect operations, and state who is responsible for operation, maintenance, repair, utilities, insurance, replacement, and damage.
23	Please identify the disposal facilities currently used for each waste stream and provide current tipping fees by facility and waste stream, the effective date of each rate, historical rate changes for the last 24 months if available, known pending rate increases, and any existing interlocal agreements, disposal agreements, disposal authorizations, facility restrictions, or County-directed disposal requirements applicable to this contract.
24	Please confirm whether the successful contractor must use County-designated disposal facilities or may propose any properly permitted facility that meets applicable requirements, and explain how the contract price or service requirements will be adjusted if a designated disposal facility changes rates, closes, restricts access, rejects material, or becomes unavailable.
25	Please describe the required procedure and financial responsibility for contaminated, prohibited, hazardous, hot, overweight, leaking, or rejected loads, including resident enforcement, notification, disposal, cleanup, and cost recovery.

26	Beyond the RFP's stated monthly reporting requirements for total tonnage, disposal locations, and operational incidents or issues, please confirm whether original scale tickets, site-level tonnage, pull counts, complaint logs, staffing records, or other supporting documentation must be submitted.
27	Please clarify whether disaster debris, storm debris, hurricane response, emergency site closures, fire events, declared emergencies, or extraordinary volume events are included in the base scope or will be handled through separate authorization and compensation.
